📁 Experience

Full Stack Developer Intern, Ibn Tofail University

12/2023 – 05/2024

- Developed from scratch a laboratories budget management app.

Kenitra, Morocco

Back End Developer Intern, FeverTokens

11/2023 – 05/2024

- Developed a dynamic calendar component that allows users to select dates and stores them in a table.
- Created the FeverTokens Package-Oriented Transpiler Demo, converting smart contracts into packages.

Paris, France (Remotely)

Full Stack Developer Intern, Marsa Maroc

03/2023 – 04/2023

- Built a responsive full stack web application for managing ships, workers and reporting issues.

Casablanca, Morocco

📁 Projects

Afnane Photography

- Designed and developed a static website for Afnane Photography, a photography studio specializing in personalized and unique photo sessions.

CV builder

- Built a user-friendly CV builder app. Enables users to create, delete, and download resumes with 3 customizable templates.

Car Rental

- Created a car rental web app with reservation status, efficient availability management, and ETA feature.
